Orbee-Tuff® Tiny TUG

Our award-winning Orbee-Tuff® TUG has inspired a new size - and a new color.

Introducing TINY TUG. Perfect for smaller tug-loving dogs.

A sibling of the award-winning TUG, Tiny TUG is the same doggie- durable, buoyant, bouncy, minty, recyclable and non-toxic TUG toy – only tinier (and cuter). It's the ideal size and weight for dogs 20 - 60 lbs. Made for tugging, not chewing!

Recyclable, non-toxic and rinses clean. Made in the U.S.A.

Our award-winning Orbee-Tuff® TUG has inspired a new size - and a new color.

7¾" long Color  blue/orange,  pink/green

Award-winning! Orbee-Tuff® TUG

A dog's natural instincts are to hunt, explore, socialize and play. We would add tug to that list.

The TUG's award-winning design has just enough give and flexibility to make it the perfect toy to play a rousing game of "tug-o-woof."

Its unique "flip-grip" technology allows contests of strength to be had two ways: Dog vs. Person or Dog vs. Dog.

Recyclable, non-toxic and rinses clean. Made in the U.S.A.

Planet dog-the Orbee-Tuff® chew-o-meter

Explaining the science of a good chew. The key to buying the most durable Orbee-Tuff® toys for your dog is understanding three things:

- 1.The mechanics of a dog's jaw
- 2.The physics of size & shape
- 3.Your dog's chewing habits

Anything becomes more susceptible when it's able to reach the back of a dog's jaw. That's where they do all their hard-core chewing. But give a dog the appropriately-sized, round, hollow ball made of super-durable Orbee-Tuff® and they can chew for hours - because they cannot get it to the back of their jaws. If you have a very aggressive chewer (chews through tires, deck-posts and bricks - all of which we have heard) stick with the perfectly round shaped toys!

Be sure to buy appropriately-sized toys for your dog! Not only will this ensure a longer-lasting toy, but it will keep your buddy safe from potential choking. Remember to always supervise your dogs play and immediately remove any toys at the first sign of damage.

Perfectly round shape + Orbee-Tuff® material =
